Thanks for the guidance Ramon.

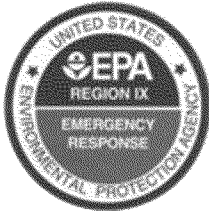

I will be the TM for this TDD, replacing Rob Wise. Please find attached a revised IGCE for the site which details \$50,648 in additional funding for a new project ceiling of \$440,012. I have also attached the START CPW.

Please contact me with any questions.

Thank you for your assistance,

Hi Jason,

Thanks for providing the below information. This TDD is over the cumulative \$150K IGCE requirement so please update the attached and return to me at the earliest convenience. In the future, please exclude Weston from internal IGEs correspondence. Feel free to contact me if you have any questions.

Thanks,

Ramon D. Albizu, START 4 PO (Contract-Level COR) / RTFL

Subject: Amendment C Request: TDD 0002/1302-T2-R9-16-06-0001 Fruitland Magnesium Fire Incident

Hi Ramon –

Please change the EPA TM for the TDD from Robert Wise to Jason Musante.

Please find below SOW amendments and the associated IGPE for the Fruitland Magnesium Fire Incident Site TDD Amendment C. I have attached the START CPW.

The SOW amendments for the TDD are as follows:

- Increase field support to a total of 30 days with up to 7 START personnel for 12 hours/day and add soil and dust sample metals analysis with Expedited TAT.
- Conduct data validation (Level IV) of all laboratory analytical data;
- Enter all data collected into the project SCRIBE database;
- Production of final documentation packages for residents and owners of 43 impacted residences;
- Production of a final report that documents all site-related activities, including photo documentation.

IGPE:

Task 1: Project Management and Planning..... (\$5,000)

-Project Cost Management

-Project Management

Task 2: Field Support (\$25,000)

-Air, soil, and dust sampling

-Air, soil, and dust sample analysis

-Data validation

-Scribe database entry

-Travel

Task 3: Reporting (\$20,000)

-Resident/owner documentation packages

-Final report

Total this amendment: \$50,000

Project Ceiling: \$430,000

Please contact me with any questions.

Thank you,
